## Defining the Terms

- **Licensed Type I Center** - Care is provided for 4 or more children in a nonresidential setting, or 13 or more children in a designated space separate from the primary residence of a licensee.
- **Licensed Type II Center** - Provider cares for children in their own home for 7, but not more than 12 children, included related children.
- **Certified Family Child Care Home** - Services are provided in the individuals home for a maximum of 6 unrelated children. They may also care for 4 related children, for a maximum of 10 children. They must have an assistant if they care for more than 4 infants, including their own or related infants.
- **Child Care Desert** – More than three times as many children as there are child care slots available.
- **High Quality Child Care Desert** – High Quality is defined as a center/home at KY All STARS Levels 3-5 with a desert being more than three times as many children as there are high quality child care slots available.
